CIS - The Construction Information Service

CIS - a vital tool for the successful delivery of every construction related project.

The Construction Information Service (CIS) supports every stage in the construction lifecycle - from concept and preparation, through design and construction, to operation and ongoing use.

CIS is an expert knowledge tool that delivers key technical information critical to all construction projects in one easy-to-use, web based package.

Developed by IHS and the National Building Specification (NBS), it provides instant full-text access to a huge range of key construction related information.

CIS Key Content:
- JCT specimen contracts
- Building Regulations
- Eurocodes
- British Standards
- Metric Handbook

Plus publications from:
- BRE
- NHBC
- NBS
- Steel Construction Institute
- RIBA
  + many more
