Data is the future

Wind Introduction

Wind Information Co., Ltd.
Wind started in early 1990s as the only pioneer in financial information service industry in China. We have witnessed the growth of this industry, and Wind service has become benchmark for the new joiners. Now, Wind Financial Terminal has become the essential tool for professional investors, analysts, traders and academic researchers.
Headquartered in China with Global Presence

Established in Shanghai, Wind has extended its presence in over 40+ cities to serve client side by side. Our branches can be found in all major cities: Hong Kong, Taiwan, New York, London and Beijing, Nanjing, Shenzhen, Wuhan, Chengdu, Dalian, Guangzhou and Tianjin. We have over 3000+ employees specialized in all fields to sustain our first class professional services.
Wind has witnessed a continuously dramatic development in the recent 12 years, posting 150 times increase in revenue, and at an average annual growth rate of 52%.
